Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Sunday 24 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold and frosty overnight. Mainly dry.

This Evening and Tonight:
It will be a cold and largey dry night with a sharp frost forming under clear skies. An isolated wintry shower may form over western hills towards the end of the night. Winds will be light. Minimum temperature -5 deg C (23 deg F).

Monday:
A frosty start, then a mainly dry day, but cold, often sunny. An isolated wintry shower is possible, mainly over the Pennines. Breezy over hills. The frost will return overnight. Maximum temperature 3 deg C (37 deg F).

Outlook for Tuesday to Thursday:
Frosty, dry, bright start on Tuesday, then, rain later, possible snow on hills. Wednesday and Thursday will slowly become less cold, with periods of rain and strong winds.
